**Medpace Named a Top Cincinnati Workplace for 2015 by the Cincinnati Enquirer**

**CINCINNATI, OH - (June 18, 2015)** – Medpace, is pleased to announce that it has been selected as one of Cincinnati's Top Workplaces for 2015, as reported by the Cincinnati Enquirer.

The Top Workplaces are determined based solely on employee feedback. The employee survey is conducted by WorkplaceDynamics, LLC, a leading research firm on organizational health and employee engagement. WorkplaceDynamics conducts regional Top Workplaces programs with 45 major publishing partners across the United States. Over the past year, more than 6,000 organizations and 1 in every 88 employees in the U.S. have turned to WorkplaceDynamics to better understand what's on the minds of their employees. Through its workplace improvement offerings, WorkplaceDynamics provides solutions, training and tools to help clients improve their workplace.

In February 2015, all Cincinnati office based employees were asked to complete a survey about their employment at Medpace. As reported by the Enquirer, this survey included employees in our one location in the Cincinnati area and approximately 1,000 of our 1,200 United States based employees. **As announced in the Cincinnati Enquirer on June 14th, Medpace has been named 5th of 15 large companies who have made the Top Workplaces list for 2015.**

Medpace was also recognized as having the best management out of all 15 large workplaces. This resulted from having the highest rated responses to the questions about how employees feel about their manager. This attests to the high quality of leadership we have here at Medpace. This is a great accomplishment for Medpace and could not have been completed without the help of our employees.
