## **Medpace strengthens its clinical management operations in Europe with the addition of Dieter Seitz-Tutter, Ph.D., MS.**

CINCINNATI, OH (April 19, 2011) — Medpace, Inc. today announced the addition of Dieter Seitz-Tutter as Vice President, Europe with responsibility for leading Medpace clinical operations across Western, Central, and Eastern Europe. The addition of Dr. Seitz-Tutter, along with existing [clinical and support teams](#) across the European regions, will allow Medpace to expand operations and to position the service offerings of the Medpace family of companies.

“Dr. Seitz-Tutter’s extensive experience from both a clinical and management perspective make him an ideal fit for our organization,” said August Troendle, MD, President and CEO, Medpace. “He will support our continued global growth and lead the operations for European markets, positioning Medpace as a strategic partner of choice for our Sponsors within the region.”

Dr. Seitz-Tutter brings to the Medpace executive management team over twenty one years of business development, clinical management, and operational leadership. He is an expert in integrating both front and back-end clinical services, building effective and efficient clinical teams, and executing seamless operations to bring novel agents and therapies to market approval. Dr. Seitz-Tutter has written and published a number of scientific articles and is a frequent guest speaker within the biopharmaceutical industry, covering CRO-Sponsor partnerships, outcomes, and pricing.

Dr. Dieter Seitz-Tutter received his Doctor of Science and Master of Science degrees in biology from the Ludwig-Maximilians-University of Munich.
