

**Are you ready to join a team
that has quality embedded
in its DNA?**

NURSING VIRTUAL INFORMATION SESSION

A career opportunity within clinical research is a rewarding way to put your nursing expertise to work, while performing an integral role in the research and development of drugs and devices. Medpace is a global, full-service Clinical Research Organization (CRO) and we are currently hiring Nurses for exciting careers in the clinical research field.

Clinical Research Associate (CRA)

- Comprehensive training program that will provide you the resources and knowledge to monitor sites independently
- Must be willing to travel 60-80%
- Communicates with medical staff and clinical research physicians
- Work with world class research sites

Project Coordinator (PC)

- Partner with Clinical Trial Manager to coordinate daily study activities
- Central point of contact for internal and external team members
- Create and maintain project timeline

Clinical Trial Manager (CTM)

- Postdoctoral Research or Healthcare research experience required
- Management of project timeline and all project deliverables
- Responsible for leading internal project team members

Regulatory Submissions Coordinator (RSC)

- Assist with the start-up of clinical research sites
- Collaborate with Institutional Review Boards (IRBs)
- Prepare regulatory documents, including Informed Consent Forms

Advanced Nurse Practitioner

- Review assigned protocols for scientific and subject safety matters and risks
- Assist with activities related to study participant recruitment, screening, study conduct and regulatory adherence
- Assist the business development team with RFPs and bid defense preparation

Data Coder

- Perform accurate coding of medical terms and medications using industry-wide standard
- Coordinate the assignment of coding dictionaries for meeting study requirements
- Develop and maintain coding guidelines

We are hiring in Cincinnati, Dallas, and Denver offices (regional based positions may be available for those with clinical research experience).

WHERE: Skype (Details provided if selected to attend)

WHEN: Thursday, July 30th, 2020 at 5:00 PM EST
