

OVERWEIGHT HEALTHY ADULT? WE WANT YOU.

Medpace is seeking overweight, healthy adults to participate in a research study of an investigational medication.

Eligibility requirements include:

- Healthy, overweight adult
- Age 18–65
- BMI range of 30-45
- Not taking prescription or over-the-counter medications
 - HRT/hormonal birth control is ok
- No tobacco or nicotine-containing products in the past year
- Must pass a urine drug & nicotine test & an alcohol breath test

This study includes one outpatient visit (screening) plus six separate stays at our Phase 1 unit in Cincinnati, OH and one follow-up phone call. Five of the stays are two nights each and one stay is three nights, for a total of thirteen nights.

Compensation for participation and travel up to \$10,010.

For more information, call 513.366.3222 or visit
