8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25 Begin medication restrictions	26	27	28

Study Inpatient dates:

Sentinels: Mar 11-15, 2026

Non-Sentinels: Mar 16-20, 2026

Study Outpatient dates:

Sentinels: Mar 22, 2026 and Apr 09, 2026

Non-Sentinels: Mar 27, 2026 and Apr 14, 2026

Instructions / Restrictions:

- Continue to follow birth control requirements outlined in the informed consent and abstain from egg or sperm donation **during the study and for 90 days following the last dose of study drug (Day 1).**
- Abstain from smoking or use of tobacco or nicotine-containing products for **90 days prior to screening and during the study.**
- Abstain from participating in contact sports or unaccustomed strenuous exercise for **72 hours prior to screening and admission (Day -1) until the End of Study (EOS) Visit (Day 29).**
- Avoid consuming liquids and foods containing caffeine or xanthine (e.g., coffee, tea, and/or chocolate) from **48 hours prior to admission (Day -1) until discharge (Day 4) and for 48 hours prior to Day 11.**
- Avoid use of prescribed or over-the-counter drugs (including vitamins, hormone replacement therapy, supplements, and natural and herbal remedies [e.g., St. John's wort]) in the **14 days prior to admission (Day -1) and throughout the duration of the study.**
- Avoid donation or loss of greater than or equal to 450 mL (about 2 cups) of blood, blood products or components within **90 days prior to screening and throughout the study.**
- Avoid receiving blood transfusion within **90 days prior to screening.**
- Avoid taking any investigational drug within **30 days (or 90 days for biologics) before first study drug administration (Day 1).**
- Avoid use of any immunosuppressants or systemic steroids for greater than or equal to 7 days in the **90 days prior to admission (Day -1).**

Reminder: Breath alcohol, cotinine & urine drug test, and COVID-19 rapid antigen test at Admission (Day -1).

***payment to occur within 48 hours after payment visit day**
