ENROLL IN DIABETIC STUDIES TODAY.

TOGETHER
WE CAN LEARN MORE ABOUT DIABETES.

Medpace Clinical Pharmacology Unit (CPU) conducts clinical research studies. Our purpose is to carry out high-quality medical research. Our goal is to advance medical knowledge and help bring new drugs to the public. By enrolling in clinical studies, you may become part of the future treatment.

Why enroll?

Medpace is committed to help advance the care for Diabetes. By enrolling in the Medpace database, you will be informed about Diabetes studies and invited to enroll if you meet study criteria.

Take the first step:

Go to [MEDPACE.COM/TOGETHER](https://www.medpace.com/together) to learn about registering in the Medpace community to fight Type II diabetes.

Or, call the Medpace Call Center at (513) 366-3222 between 8:00 AM – 8:00 PM ET, Monday through Friday. One of our recruitment representatives will complete the Medpace Study Participant Sign-Up Form with you. Please note that your personal information is kept completely private.

ENROLL IN DIABETIC STUDIES. ATTAIN A WEALTH OF KNOWLEDGE. BUILD A STRONG COMMUNITY.
